## ALEXANDER BITAR HISTORY

---

As of 2017-01-01, *Alexander Bitar Art* and *Alexander Bitar Collectibles* will merge into ***Alexander Bitar History***. The two companies were previously separated, with individual websites and contact information. The change is mainly due to bringing the two segments into one, which will benefit the clients.

In celebration of this new assembly, a new website is currently being designed. The new website will use the following product categories: Art & Photography; Autographs; Books & Manuscripts; Memorabilia & Artifacts; Watches & Jewelry; and a special category included featured items.
